NASA's Universe of Learning & Girls Who Code

KIMBERLY ARCAND

Visualization Lead for NASA's Chandra X-ray and Observatory

August 7, 2019

NASA's Universe of Learning's K.Arcand (Chandra/SAO) conducted a 90-min workshop of coding, 3D modeling & VR with Girls Who Code's Summer Intensive program, Akamai Boston, Aug 7, with 20 high school girls. Girls worked with binary coding, completed a coding activity with NASA data, and did demos with 3D prints & VR apps. Activities were followed by career & astronomy Q&A's. Materials were handed out.
