My NASA Data Presents to NASA’s 3-D Thursdays for Rural Educators Program with SMD Einstein Fellows

Elizabeth Joyner and the My NASA Data (MND) Team presented to 66 educators and students during the SMD Three-Dimensional Series for Rural K-12 Educators, in partnership with SMD's Einstein Fellows. They highlighted MND's resources for teachers, and trained teacher and student pairs in using the Earth System Data Explorer to access NASA data to support their student research projects. Twenty-two states were represented in the training as well as three other countries.
