NASA eClips™ Team Encourages Homeschool Parents to Engage their Students in NASA Spotlite Design Challenge

March 22-23, 2019
Virginia Homeschoolers Conference
Williamsburg, Virginia

- Sharon Bowers, Joan Harper-Neely, and Betsy McAllister engaged approximately 200 families.
- Using the new “Spinning Wheel of Science Knowledge” participants answered questions about NASA Spotlite Design Challenge topics.
- Families were challenged to be the first homeschool group to produce a NASA Spotlite video.
- Resources from SciAct Collective Partners, Infiniscope, and PLANETS were shared.
