

Demographic Data Presentation to: Planetary Science Advisory Committee

Louis Barbier/ NASA OCS
Caroline Wilson / NASA OCS
June 14, 2021

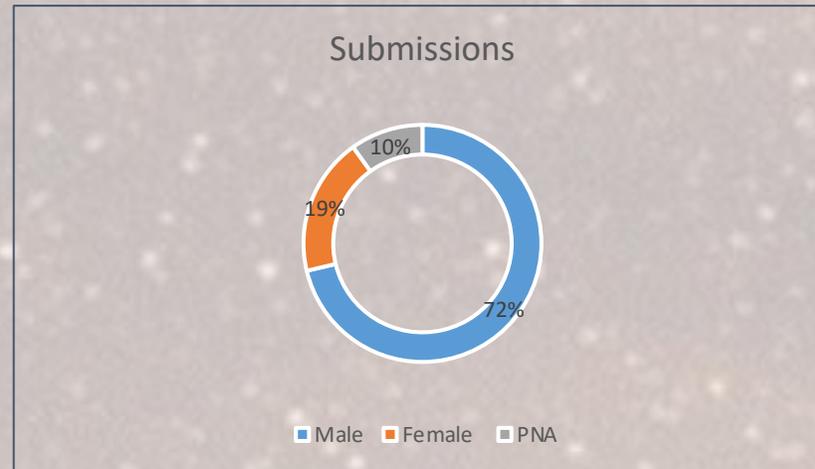

Introduction

- This data is an analysis of the NASA Planetary Science R&A program, focused on Principal Investigators (PIs), but includes some Co-I info
- It excludes competed missions (New Frontiers, Discovery), student programs, Cooperative Agreements
- The data were collected beginning in 2016 (through NSPIRES)
 - Data was “back-casted” to 2014 where possible (hence 2014 and 2015 data may be prone to some errors)
 - 2020 data is incomplete will be updated later in 2021 (Q3)
- Data was compiled according to EEOC/OMB guidelines
 - Complies with NASA EDEO and Human Capital methodology
- This is an on-going analysis, so by no means a finished product

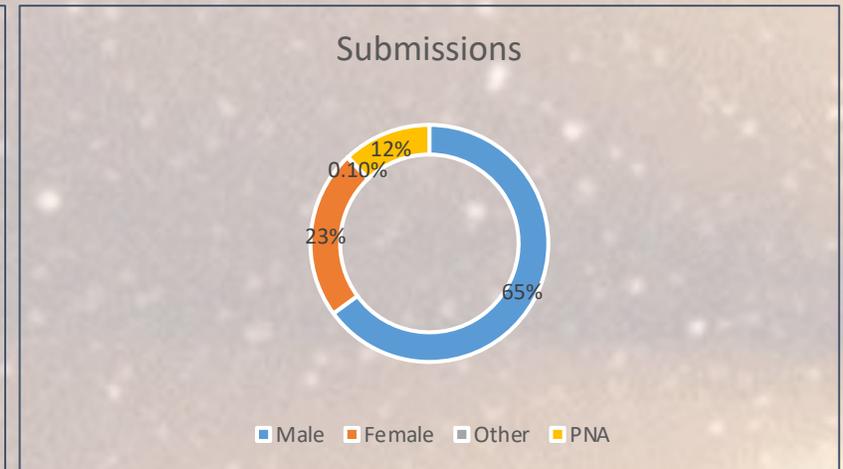

Gender Participation*: 2014 - 2020

Heliophysics
N = 11,859

Astrophysics
N = 11,198

Planetary Science
N = 31,172

*This data includes PIs and Co-Is

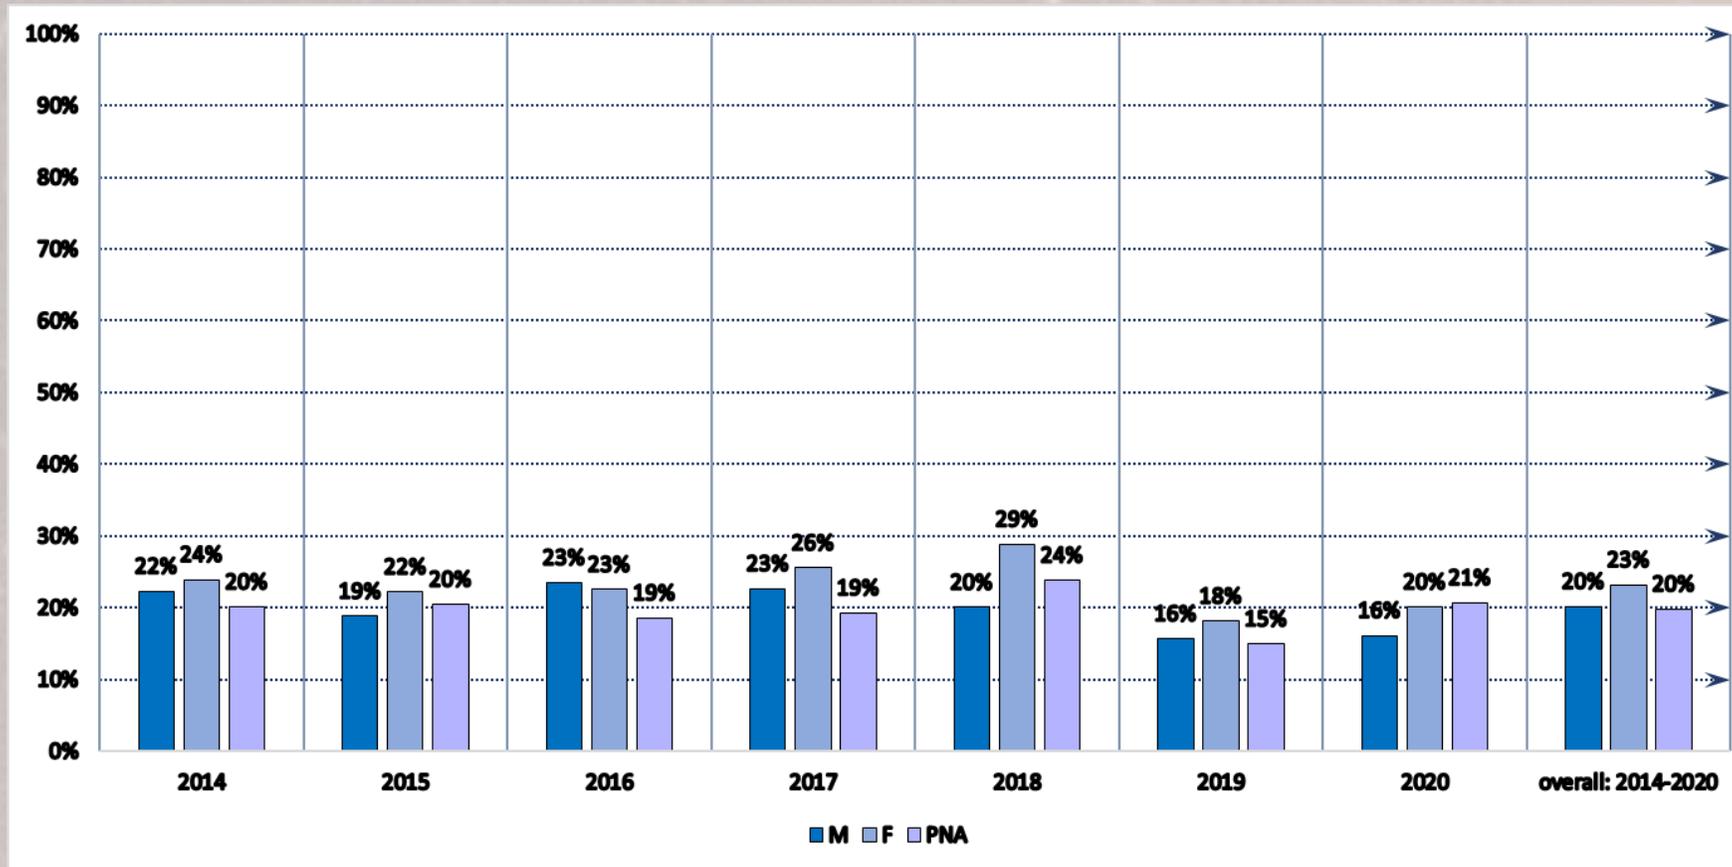

Planetary Science Division: PIs Only

Summary Gender

BASIC NUMBERS FOR GENDER: 2014-2020				
	M (%)	F (%)	PNA (%)	totals
selections	61%	27%	12%	2101
submissions	63%	25%	13%	10074
selections/submissions	20%	23%	20%	

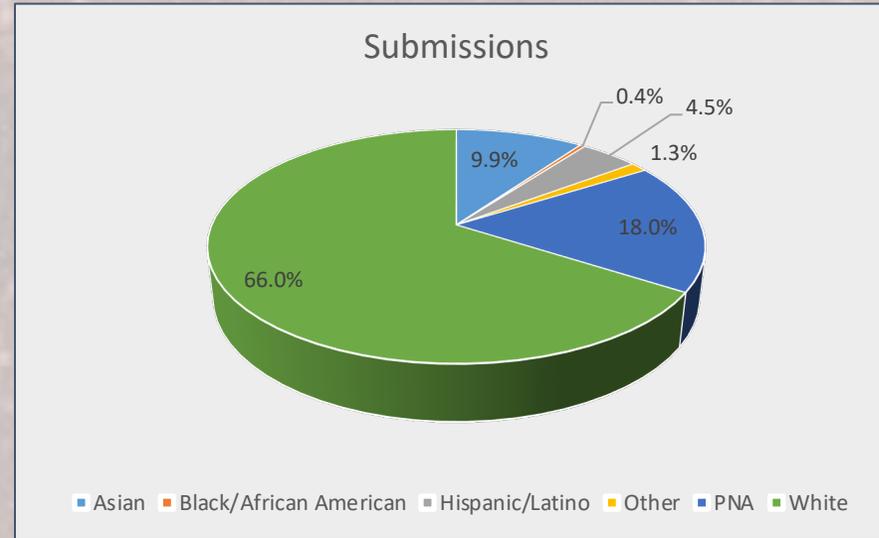

*PNA = Prefers Not to Answer

Planetary Science Division: PIs Only – Success Rates by Gender

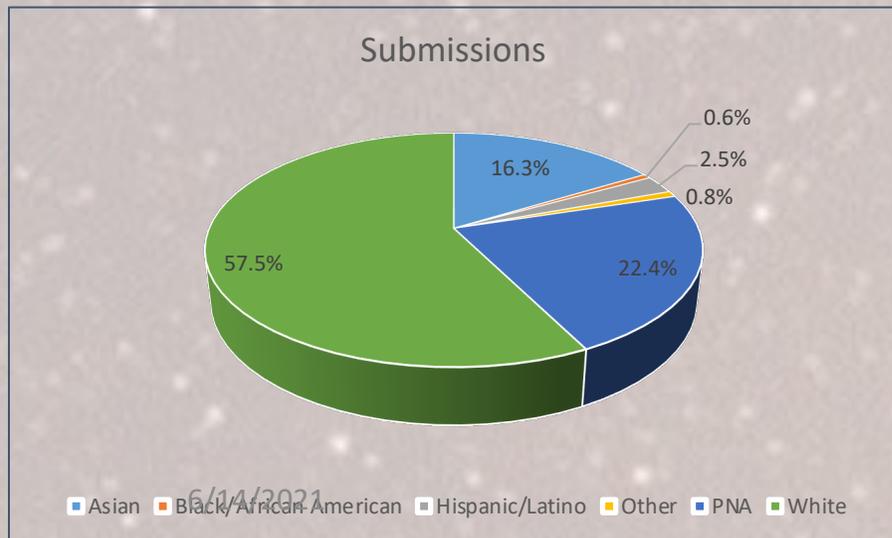

Race/National Origin (RNO) Participation

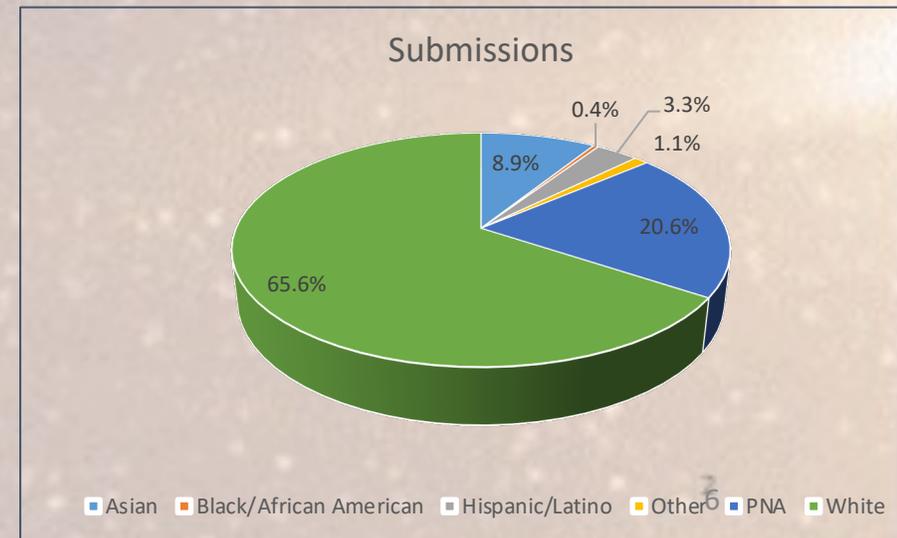

Heliophysics
N = 11,859

Planetary Science
N = 31,172

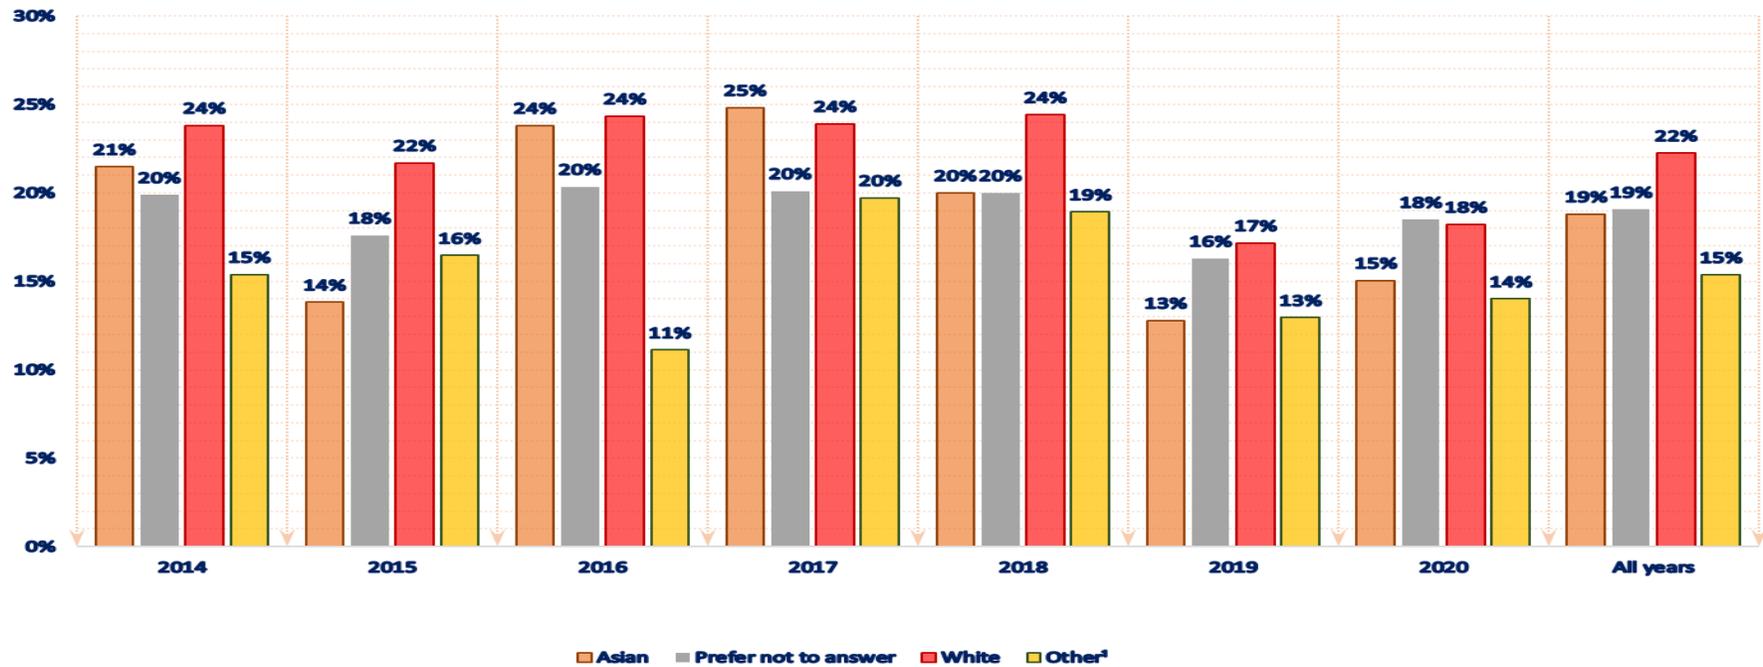

Astrophysics
N = 11,198

Planetary Science Division: PIs Only – Success Rates by RNO

	2014	2015	2016	2017	2018	2019	2020	All years
Asian	21%	14%	24%	25%	20%	13%	15%	19%
Prefer not to answer	20%	18%	20%	20%	20%	16%	18%	19%
White	24%	22%	24%	24%	24%	17%	18%	22%
Other ¹	15%	16%	11%	20%	19%	13%	14%	15%

¹Note: due to small numbers, the following categories are combined in "Other": American Indian or Alaska Native, Black or African American, Hispanic, Multi-racial, Native Hawaiian or Other Pacific Islander, and Other.

Planetary Science Division: PIs Only

Number of submissions by RNO group and year, 2014-2020

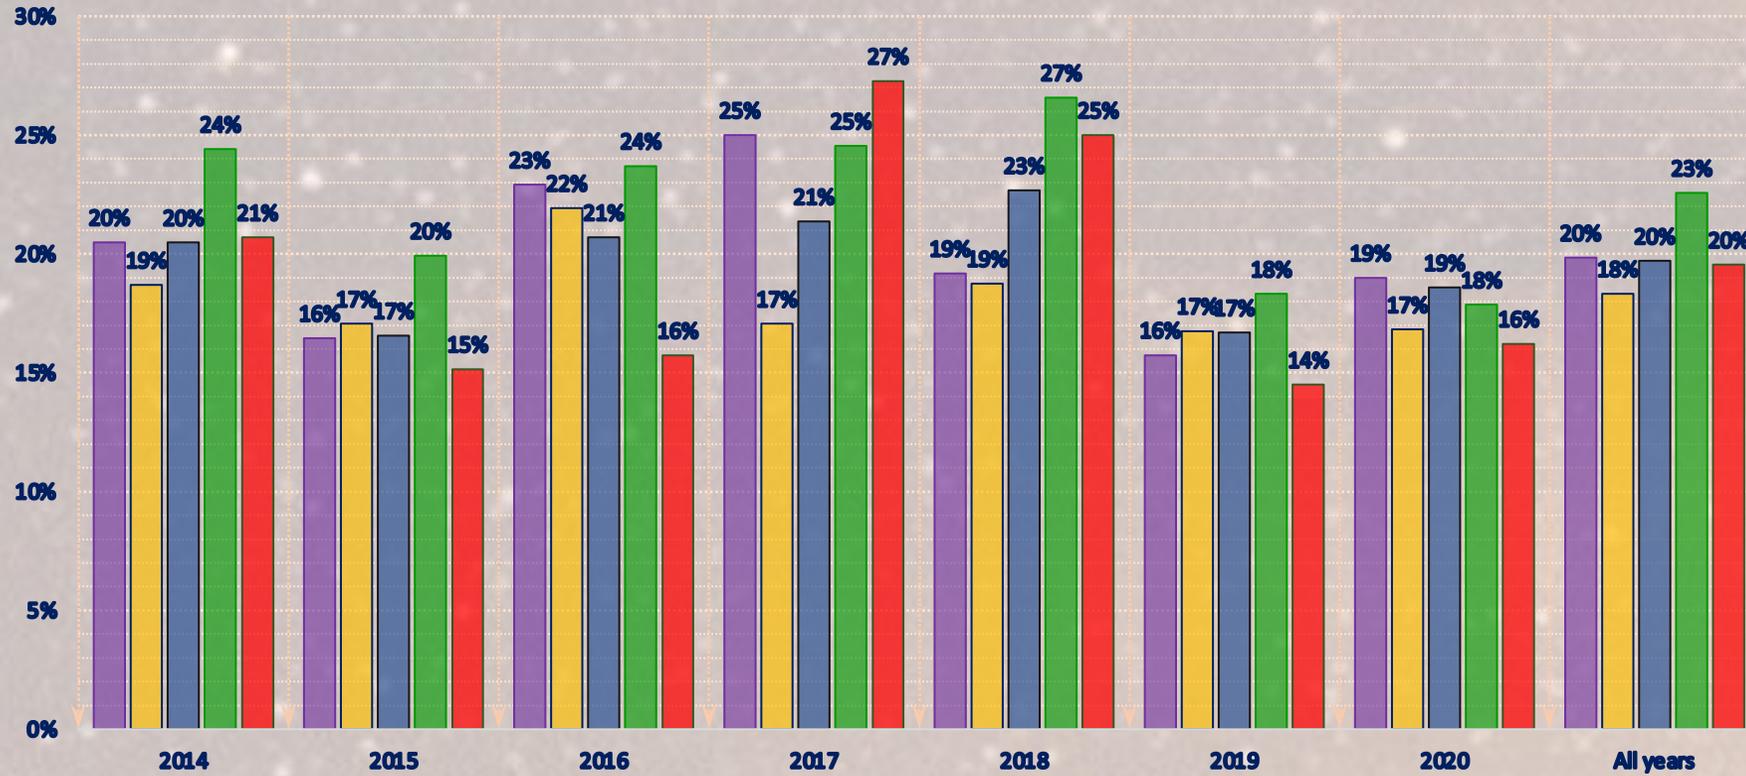

year	Asian	Other ¹	Prefer not to answer	White	Total
2014	135	65	347	953	1500
2015	152	79	358	1046	1635
2016	147	90	339	1027	1603
2017	137	71	358	920	1486
2018	185	74	360	987	1606
2019	172	85	307	932	1496
2020	93	50	119	494	756
Grand Total	1021	514	2188	6359	10082

¹The following categories are included in "Other": American Indian or Alaska Native, Black or African American, Hispanic, Multi-racial, Native Hawaiian or Other Pacific Islander, and Other.

PI and Co-I data

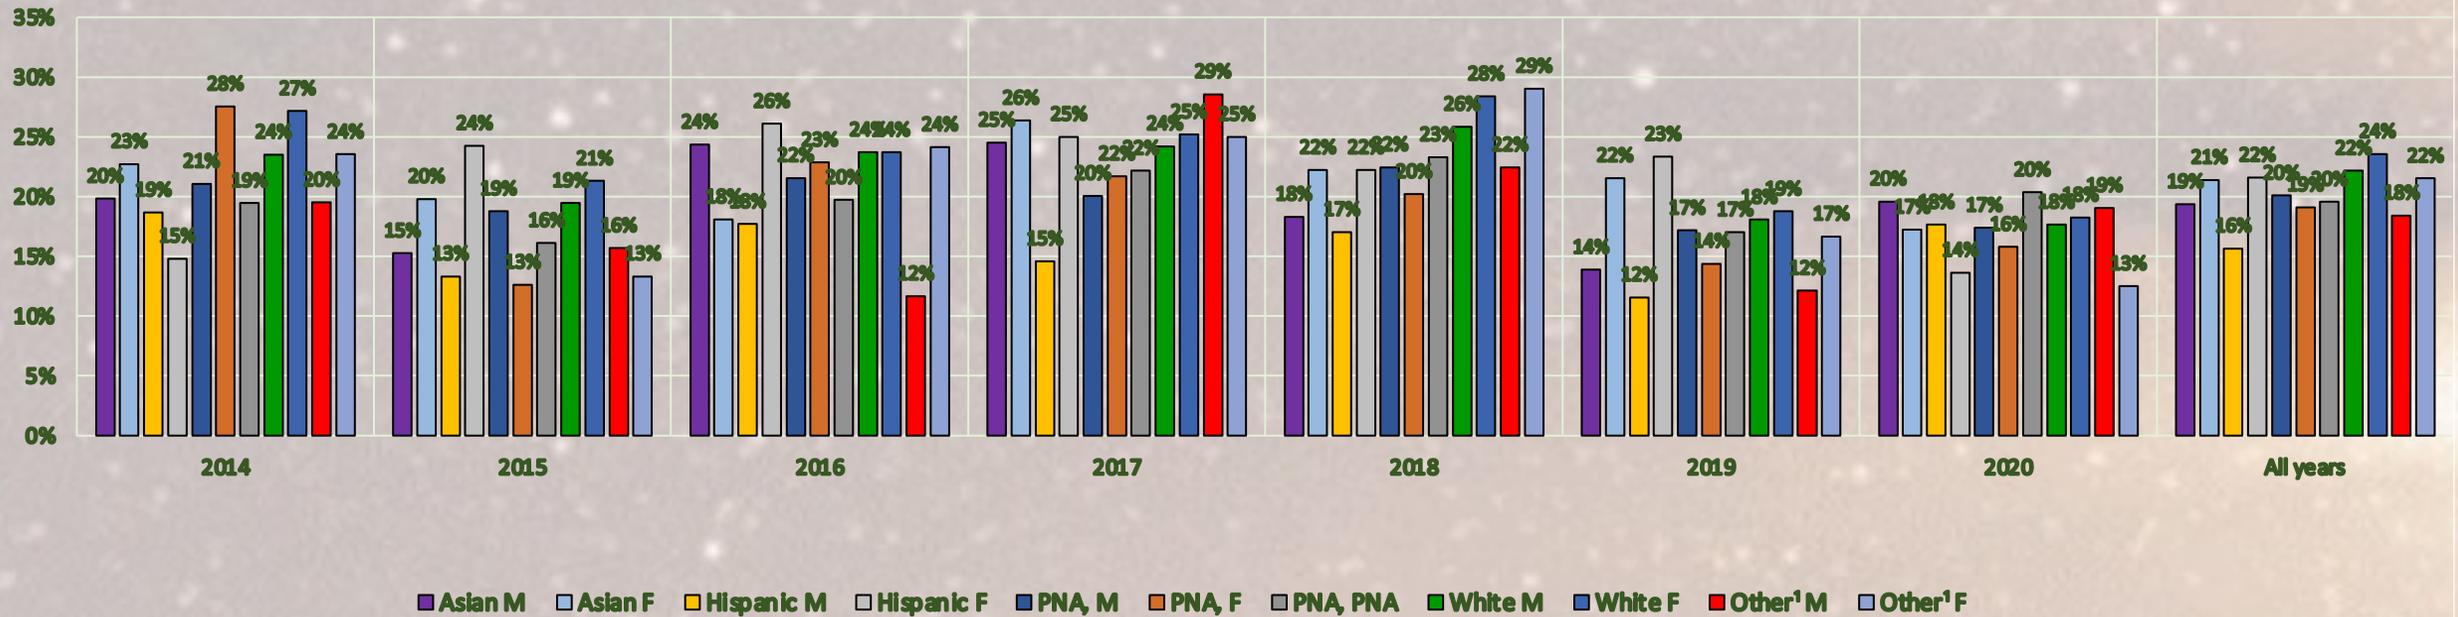

RNO Success

Planetary

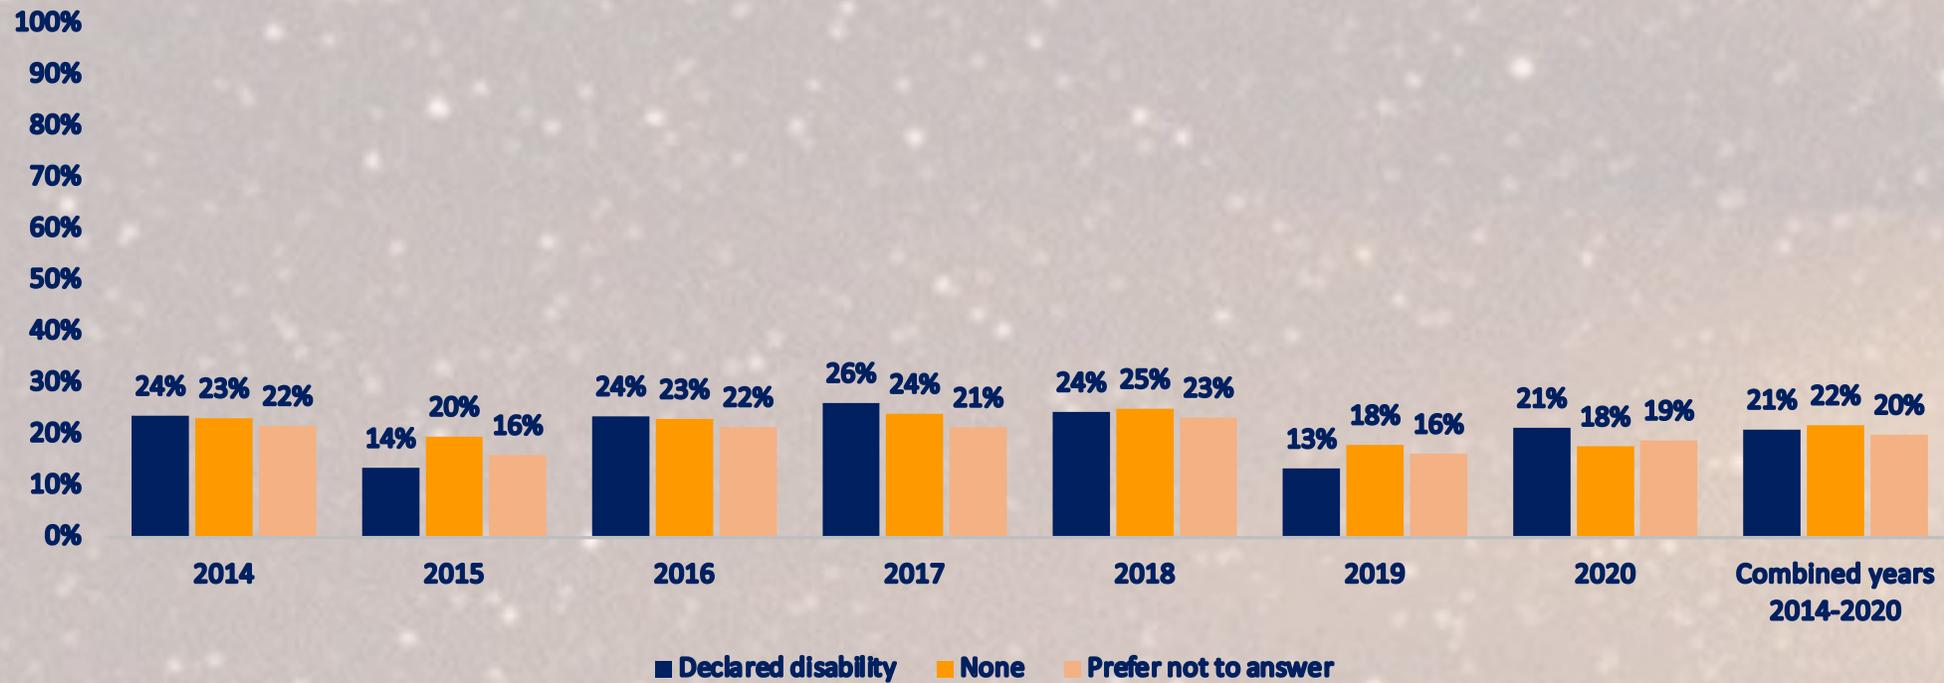

RNO and gender combined

Planetary

Declared Disability Success by division

Planetary

Relevant Civilian Labor Force (RCLF) data

Under-Represented Minorities Among Astronomy Faculty, 2012

Degrees Awarded by Department	African American %	Hispanic American %
Astronomy only	1	2
Physics	2	3

No RCLF data for Heliophysics yet.

Race and Ethnicity for Members of Planetary Science Community*		
	All survey respondents** (n=2,367)	Members of Division for Planetary Sciences*** (n=895)
White	83%	87%
Asian or Asian American	13%	10%
Hispanic or Latinx	5%	5%
American Indian or Alaska Native	1%	*
Black or African American	1%	1%
Native Hawaiian or Other Pacific Islander	<1%	*
Another Race/Ethnicity	4%	2%

*SOURCE: American Astronomical Society's Division for Planetary Sciences 2020 workforce survey.

** Percent of students unknown

*** 14% of this group are students

Percentage Hispanic, African American, Pacific Islander and/or Native American among Faculty, Researchers, Post Docs

	Faculty	Research Scientists	Post Doc
2011	1.5	3.4	4.4
2018	5.8	1.3	14.7

*SOURCE: Survey of US Academic Departments that Include Planetary Science. 2018 data provided by Fran Bagenal, University of Colorado.

Summary

- Data show no consistent bias in gender, RNO, or handicap wrt “success”
- Participation – for most minorities is low in all SMD divisions, inc. Planetary
 - Pacific Islander/Hawaiian, American Indian/Alaska native, Black/African American, Hispanic/Latinx – however these communities are also poorly represented in the RCLF
- We still have too large a “PNA” response – we need to increase the willingness to answer the demographic questions
 - Revising questions should help
- Those with reported disabilities had a slightly lower success rate the past two years.
- Currently working on RCLF for Heliophysics and Earth science
