# Post-workshop Survey and Evaluation

---

- A short post-workshop assessment and a longer post-workshop evaluation
- Assessment should be the same questions as the starting survey, to determine how effective the workshop has been.
- Evaluation is to determine what do change/shift/adjust to be better next time.

# Looking Forward

---

- Is there an interest in follow-up Webinars covering some of the short talk topics?
  - Requirements
  - TRL
  - Risk
  - Heritage
  - Formulation
  - Architecture
  - Data Sufficiency
  - WBS
