# Explore Science: Earth & Space Toolkits Featuring NASA Science Awarded to 350 Museums Across the United States

- In January 2020, the National Informal STEM Education Network (NISE Network) awarded 350 Explore Science: Earth & Space toolkits to science and children's museums in all 50 states, Puerto Rico, Guam, American Samoa, and US Virgin Islands. All recipients are listed at: [www.nisenet.org/earth-space-toolkit-recipients-2020](http://www.nisenet.org/earth-space-toolkit-recipients-2020).
- Each toolkit contains all the necessary materials, educator guides, and media for STEM hands-on activities that explore the Earth, Sun, Solar System, and Universe with strong connections to NASA Science.
- Toolkit recipients are expected to engage over 2,000,000 learners this year through special Earth & space themed events in the spring, and year-round public outreach, using the STEM hands-on activities.
- All printable materials from the toolkit and educator training videos can be found at: [www.nisenet.org/earthspacekit-2020](http://www.nisenet.org/earthspacekit-2020).
