Space Administration

THE
COSMIC WEB
PRESENTS

DARK MATTER

SOMETHING ELSE IS OUT THERE

SOMETHING **STRANGE** AND **MYSTERIOUS** CREEPS THROUGHOUT THE COSMOS.
SCIENTISTS CALL IT **DARK MATTER**. IT IS SCATTERED IN AN **INTRICATE WEB** THAT FORMS THE **SKELETON** OF OUR **UNIVERSE**.

DARK MATTER IS INVISIBLE, ONLY REVEALING ITS PRESENCE BY **PUSHING** AND **PULLING** ON OBJECTS WE CAN SEE.
NASA'S ROMAN SPACE TELESCOPE WILL INVESTIGATE ITS SECRETS. **WHAT WILL BE REVEALED?**

GUEST STARRING
NASA'S **HUBBLE** AND **CHANDRA** SPACE TELESCOPES
