

JPL Mars Odyssey Aero-Box

Demonstrate the Aerodynamics of the Mars Odyssey

Instructions:

- 1) Cut the pattern as indicated
- 2) Fold along each seam to form a box with the bottom tab inside
- 3) Tape the box closed
- 4) Tape a 1-meter (40") string to the top center of the box
- 5) Spin around in the air to demonstrate the aerodynamics of Mars Odyssey Aerobraking!
