

[strong wind]

[adults chattering]

[chattering] [Man] ...extending basins is because the rate of sedimentation is pretty rapid these things just--

[chattering] [Man #2] So Martin, you introduced this by describing the--

[chattering] [Man #3]...in these [unintelligible] laminates, but of a very different character from any of this.

[adults chattering]

[rock hitting rock] bang, bang

[chattering] [Man #4] So, Martin, you introduced this by describing this discovery--

[birds tweeting]
