

Certification of
PERSEVERENCE
in fighting the
COVID-19 Pandemic

With deep appreciation and gratitude to healthcare workers around the world for their perseverance during the COVID-19 pandemic, NASA has affixed this 3-by-5-inch aluminum plate to the Mars 2020 Perseverance rover. Perseverance will search for signs of past life, and gather rock and regolith samples for future return to Earth.

With Gratitude
NASA's Mars 2020 Perseverance Rover Team
